Queen size open ready for sleep: 64W x 84D x 22T  
Full size closed cabinet: 59W x 19.5D x 43T  
Full size open ready for sleep: 59W x 78D x 22T

**WHAT IS THE XTRABED CABINET MADE OF?**

The Murphy box bed cabinet is made of Birch Solids and Veneers on 100% plywood (no particle board, no wafer-wood, no laminates or other manmade stuff.)The plywood is certified CARB P1 - which means it meets and/or exceeds California's new stringent limits on formaldehyde used in the manufacturing of the plywood. This Cabinet is high quality, durable, and built to last!!!

**WHAT KIND OF MATTRESS IS INCLUDED IN THE XTRABED?**

The Murphy box bed mattress is a specially-designed innerspring mattress that folds in two, without harming the springs and without making a noticeable lump in the middle. It's amazing but true.The springs are a relatively light gauge to be soft enough to provide a comfortable sleep surface, yet resilient enough to sleep on a lot without sagging. The idea here is to balance a desirable light weight with durability and comfort - and we think we've hit it right.

**WILL NORMAL FULL OR QUEEN SIZE MATTRESS PADS, SHEETS, FIT ON THE MURPHY BOX BED?** the bed accepts the same mattress pad, sheets, pillows, and comforters that you'd use on any full or queen size bed. You can leave a relatively thin mattress pad and the sheets on the bed when you close the Murphy box bed as we have allowed 1" extra space inside for this purpose.Thick comforters and pillows will take up too much space to close the Murphy box bed properly.When you open the bed, the sheets will require a bit of adjustment to get them all nice and tidy, but hey - it beats having to start from scratch every time!!

**IS THERE ANY ASSEMBLY REQUIRED?**

Absolutely not - Once the packaging is removed, your Murphy box bed is fully functional and ready to use.We ship the bed with the mattress inside, the casters attached, and everything ready to go. You don't need a single tool to enjoy the Murphy box bed!!!

**DELIVERY APPROXIMATELY 5 WEEKS**

So, our "\$99 Delivery" is what is referred to as "White Glove" service which includes un-boxing your Murphy box bed and removing all the packaging materials, as well as moving your Murphy box bed into the room of your choice.

We offer this exceptional level of delivery at an extraordinary discount because you deserve the best!!!
